Infraplus (Moodle)

- It is a web based system used to support teaching and research at the university. Students can login to access lecture notes and assignments posted by lecturers. Students can also conduct online discussions on various academic topics
- InfraPlus is IUKL's interactive Leaning Management System (LMS) that is designed specifically to support the delivery of teaching, learning materials and activities that enables learning activities to be delivered through one stop center that offers users the convenience of 24/7 anytime, anywhere access.

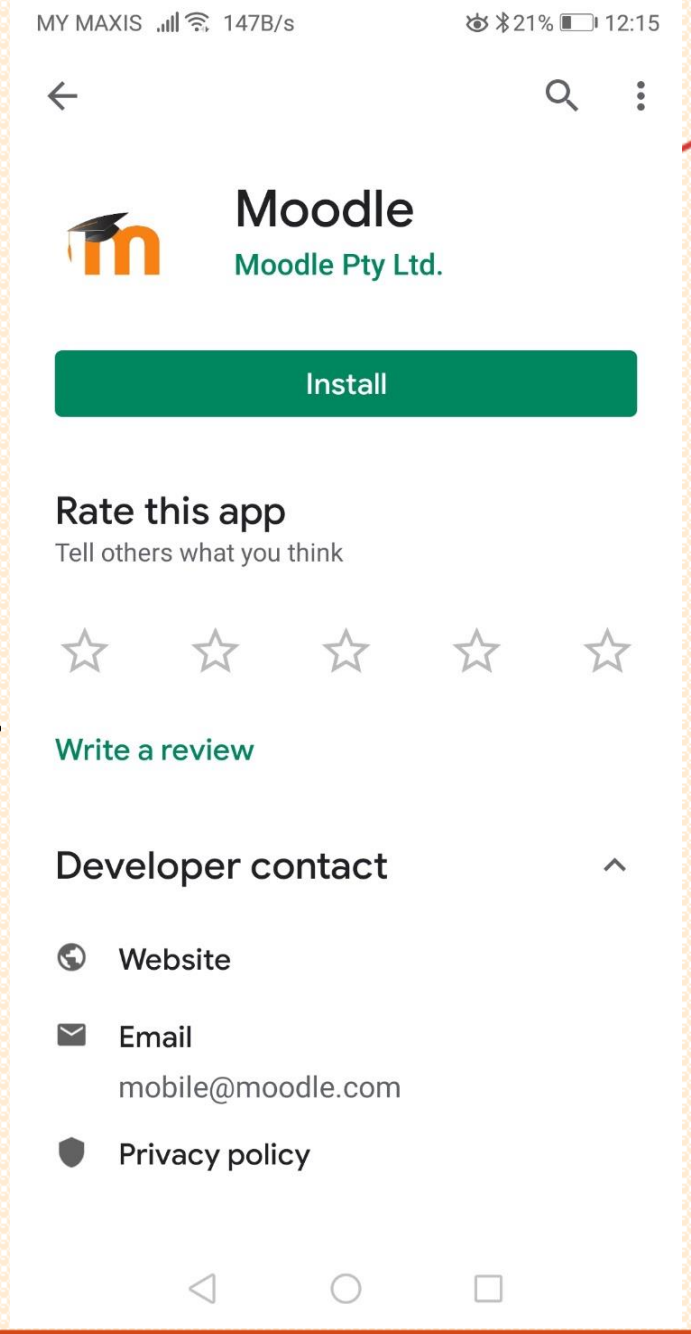
How to log in to InfraPlus

- For best results in InfraPlus, use Mozilla Firefox as your internet browser. As InfraPlus was designed for use with Mozilla Firefox, it is best to use this browser to insure that all functions of InfraPlus will operate smoothly and as designed.

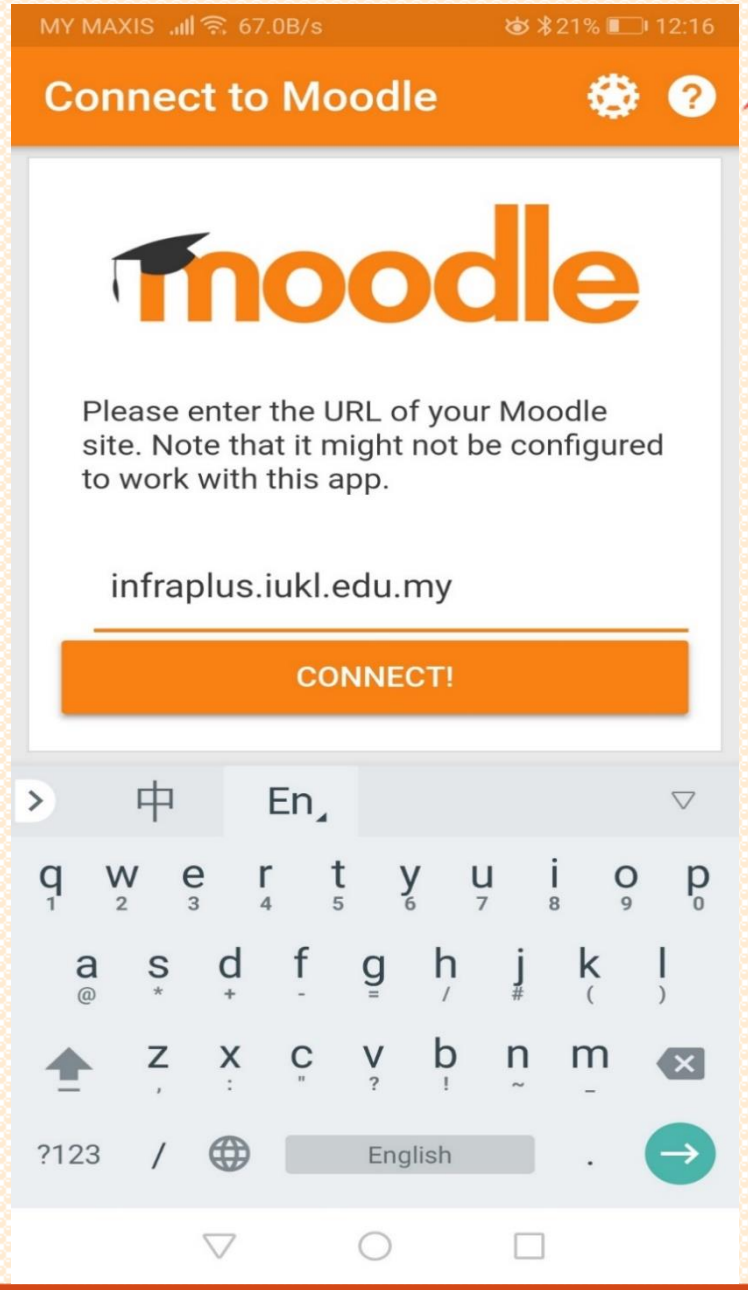
- **To login**
  - Go to https://infraplus.iukl.edu.my/
  - Use your **LMS credentials** to login

Mobile App version

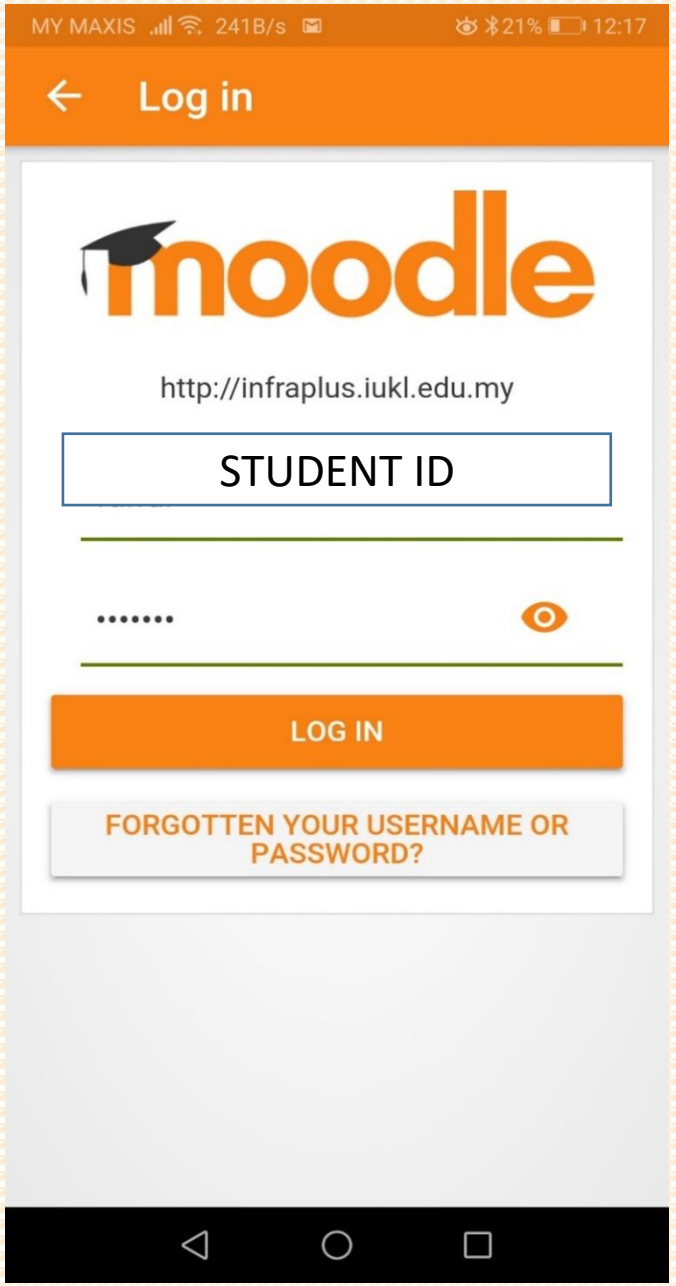
- Moodle (Infraplus) officially supports app for Google Android devices and Apple iOS devices. The Moodle Mobile app is available in Google Play, Apple Store.
- You can also install the app directly from your mobile device by searching for "Moodle Mobile" with author/owner "Moodle Pty Ltd". This is the first interface appear once you browse and search for Moodle Mobile through your mobile phone. Click the Install button



- Once installed, it will appear a screen which requires you to type the IUKL E-learning



- Enter the username and password (***login using LMS credentials***)



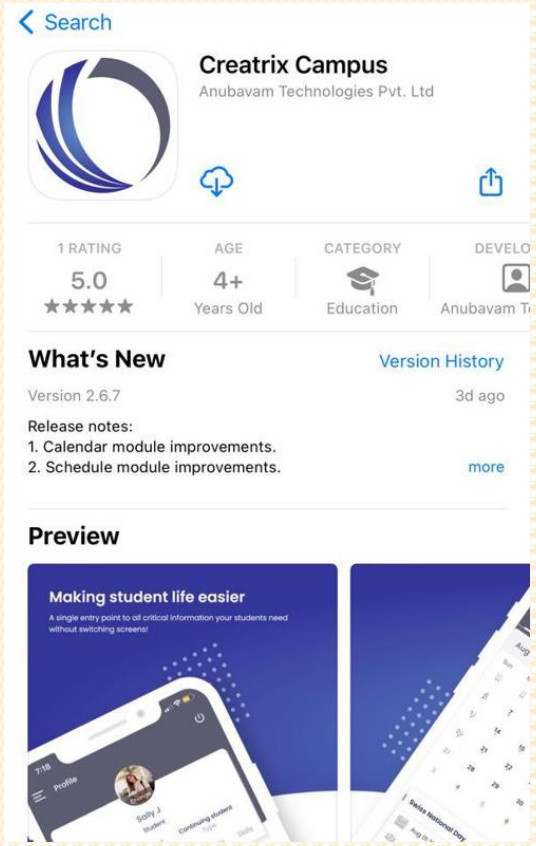
Creatrix Campus Platform

Web Based

Go to https://iukl.creatrixcampus.com/auth/login

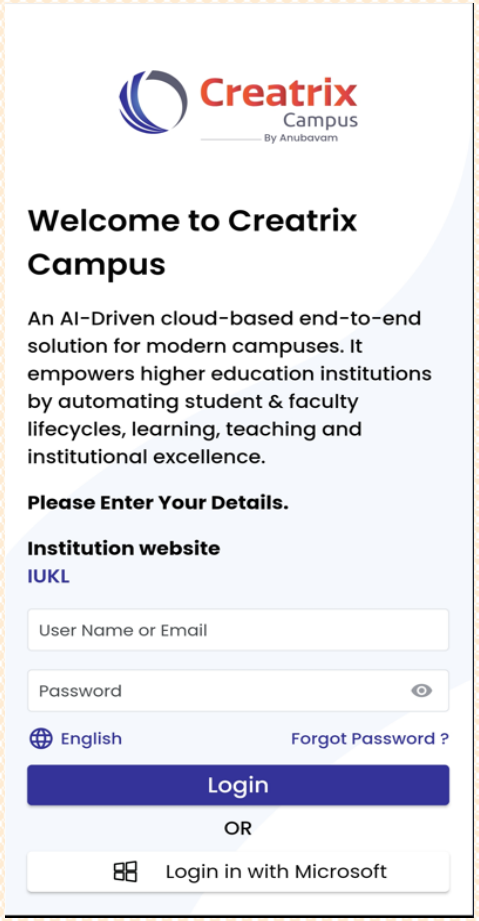
Use your IUKL Microsoft Email credentials to login to CMS. ICT will create the account. You will be notified once done

Creatrix Campus Platform (Mobile App)



1. Go to Google Play Store or, Apple Store
2. Install `Creatrix Campus` App

Creatrix Campus Platform



1. Please Enter the Details as follows:
2. Institution Website: IUKL

Username and Password:
For those who have login to the Creatrix CMS, you may continue using the same credentials
